Let us know if you'd like to place a new order or pick up an existing order. You can also add to an existing order!

2. SCHEDULE YOUR PICK-UP

Please let us know what day you are available to pick up your wine. To save you time and to ensure best safety and health practices, we are requiring that you make a reservation in advance. Any orders placed before 10:00am should be available to pick up that day unless otherwise indicated. If you are picking up an existing or online order, simply call and leave a voicemail with your pick up date and we will have your wine ready that day.

3. PICK UP YOUR ORDER

Please enter through our main gate entrance and follow signs to the pick up area. Stay in your car, lower your window slightly, and state your name. With the health and safety of both you and our staff in mind, please remain in your vehicle until your ID has been verified and your wines have been placed on the pick up table. Our staff will step back to a safe distance and allow you to collect and load your order.
